## FREQUENTLY ASKED QUESTIONS AND PROGRAM GUIDELINES

### **WHAT IS PONTIAC'S BIG IDEA GRANT PROGRAM?**

The Pontiac's Big Idea Grant Program (PBIGP) is a program of Flagstar Bank and is supported by the Main Street Pontiac program, Build Institute, and ProsperUS.

We believe that a great idea can become a great business or can help a good business grow. Pontiac's Big Idea Grant Program celebrates doing business in the city of Pontiac – rewarding those with the best ideas for growth. Each year, for 5 years, in addition to business support, PBIGP will provide \$500,000 in support of small businesses through grants and loans.

PBIGP is not interested in just giving out cash. PBIGP is interested in inspiring and enabling your ideas. Applicants must consider the purpose of the program: to sustain businesses, strengthen neighborhoods, grow ideas, diversify economies, and grow jobs for residents of Pontiac. The best applications will have ideas for growth, consistent with this purpose, that are impactful, courageous, unique, achievable, memorable and clear.

We see ourselves in partnership with you to make Pontiac stronger and to grow its economy. We strive to treat you as a partner with respect and by being timely and responsive to you.

### **DOES THE GRANT PROGRAM HAVE PARTNERS?**

Yes. This program was specifically developed to support Pontiac residents and businesses. Therefore, Flagstar Bank has formed partnerships with local leaders: The Main Street Pontiac program, Build Institute, ProsperUS, and the City of Pontiac, to make sure Pontiac is best served.

**The Main Street Pontiac program** supports downtown Pontiac through promotion, design, organization and economic development. Flagstar's PBIGP has provided a grant to the Main Street Pontiac program to support their growth and to serve as the PBIGP grant administrator by issuing checks to grant recipients on behalf of Flagstar. Main Street Pontiac will serve as a support for the small businesses and their owners that receive grants, and their website is an entry point to the grant program. A member of the Main Street Pontiac program sits on the PBIGP Advisory Council.

**Build Institute Pontiac** empowers people to launch ideas and grow businesses by providing access to education, resources, and a supportive engaged community. Build was started in January 2012. The classes are based on national standards for entrepreneurship education. The first class was offered in the spring of 2012 and since then the demand has grown tremendously. Classes are now offered every season and have expanded beyond the core curriculum to include Build Social, a class focused solely on social entrepreneurship. Build Institute helps people turn business ideas into reality by providing them with the necessary tools, resources, and support networks. To date they have graduated over 1400 aspiring and experienced entrepreneurs from their classes. In addition to classes they offer networking events, mentorship, connections to resources and a nurturing community that allows ideas to develop and flourish.

**ProsperUS Pontiac**, a program of Southwest Economic Solutions, is a place-based economic development initiative that builds and sustains entrepreneurs and small businesses. Through entrepreneurship training, business support services, and micro-lending, the initiative infuses Pontiac with services and capital that support local entrepreneurs, help stabilize economies, and inspire the local community. ProsperUS uniquely serves otherwise overlooked entrepreneurs who have limited access to supportive services and have limited or no access to capital from traditional lenders. These entrepreneurs include low- to moderate-income individuals, people of color, immigrants, and women. We understand that securing a loan for a small business can be difficult, so Flagstar partnered with ProsperUS to make this easier by offering grants to accompany the loans to increase the chances of a loan approval and provide the business with additional financial support.

**The City of Pontiac, Mayor Waterman**, and the **Pontiac City Council** are partners in supporting business growth and development in Pontiac by advocating for the PBIGP to new businesses considering Pontiac for their businesses.

#### **HOW MUCH GRANT MONEY IS AVAILABLE?**

Each year, beginning in 2017, PBIGP will provide \$500,000 in grants and loans into Pontiac.

Our lending partner, ProsperUS, will provide about \$100,000 in small business loans and grants each year through a fund that Flagstar developed with them as a partner.

In addition to the loan/grant program with ProsperUS, the PBIGP Advisory Council will provide another \$350,000 each year in grants to small businesses and to fund the development of an entrepreneurial ecosystem for supporting small businesses. Each quarter of each year, the Advisory Council will review grant applications and make about \$87,000 in grants to the community to support small business ideas and growth.

#### **HOW BIG ARE THE GRANTS TO BUSINESSES?**

Grant applicants may be awarded between \$1,000 and \$10,000. The PBIGP Advisory Council will determine the amount based upon the quality of your responses on the grant application, available grant dollars in the program, and how well your business meets the objectives of the PBIGP.

### **SHOULD I APPLY FOR A LOAN & GRANT COMBINATION, OR JUST A GRANT?**

This is up to you and the financial needs of your business. A grant is intended to inspire an idea or stimulate business growth, and most grants are between \$1,000 - \$10,000. A loan and grant combination are for businesses that need more. Loans can range from \$5,000 - \$50,000 and the grants that accompany them are determined by the financial needs of the business.

### **HOW DO I APPLY FOR A LOAN/GRANT COMBINATION?**

Flagstar developed a program with ProsperUS that enables the applicant to receive a loan/grant combination that helps to secure a small business loan with less pay back. Example: the business may need \$15,000 to expand but Flagstar will provide \$5,000 of that in a grant so the recipient only has to pay back \$10,000. The loan/grant amount is determined by the needs of the business and ProsperUS in their evaluation of the business.

### **HOW BIG OR SMALL DOES A BUSINESS NEED TO BE TO RECEIVE A GRANT?**

It doesn't matter how small, or new, your business is to receive a grant. However, your business cannot gross more than \$1,000,000 annually to be eligible.

The PBIGP Advisory Council doesn't review your application based on the size of your business. They review it based on the strength of your business idea to contribute to Pontiac's economic growth.

### **HOW DO I INCREASE MY CHANCES OF RECEIVING A GRANT AWARD?**

*Main Street Pontiac* hosts a monthly Flagstar PBIGP Help Desk on the 3<sup>rd</sup> Wednesday of each month between 4:30 – 5:30 PM at the Alley Cat Café, 31 N. Saginaw Street, Pontiac. The Help Desk is intended to provide support and insights into the program so applicants can develop stronger applications that specifically meet the goals of the program.

We highly recommend that you consider taking classes from *Build Institute in Pontiac*. Build Institute in Pontiac is supported by Flagstar Bank, so they have a "Pay What You Can" model to make this affordable to you. They successfully help people turn business ideas into reality by providing them with the necessary tools, resources, and support networks. To date they have graduated over 1,400 aspiring and experienced entrepreneurs from their classes. BUILD BASICS, their core 8-week business and project planning class is designed for aspiring and established entrepreneurs. Classes are taught by local experts and cover all the basics of starting a business – from licensing to financial literacy, market research to cash flow and more. You'll leave the class with a completed business plan, a cohort of fellow entrepreneurs in Pontiac, and the knowledge and confidence to take your idea to the next level. For more information contact Dina Bankole at [Hello@buildinstitute.org](mailto:Hello@buildinstitute.org) or at (313) 265-3590.

PBIGP is not interested in just giving out cash. PBIGP is interested in inspiring and enabling your ideas. Applications must consider the purpose of the program: to sustain businesses, strengthen neighborhoods,

grow ideas, diversify economies, and grow jobs for residents of Pontiac. The best applications will have ideas for growth, consistent with this purpose, that are:

**IMPACTFUL.** Tell us how your idea will - first and foremost - grow your business. Then, tell us how that growth can impact where you are located and who you are serving. The idea that increases your business's bottom line may also be one that positively effects your customers, clients, or community; and/or one that can positively change your building, block, neighborhood, or city.

**COURAGEOUS.** Tell us how your idea reinforces the passion for what you do. It may be one that allows your business to take a little more risk; one that challenges your vision for growth; or one that encourages innovation. Don't be afraid to be practical. Practical ideas are courageous too.

**UNIQUE.** Consider your competition. There are likely more applicants that have the same type of business. Show us a unique or innovative idea that sets you apart from the others and you are more likely to get our attention. We also like to see businesses that have the ability to attract others to visit Pontiac.

**ACHIEVABLE.** You only have a certain amount of time and money to turn idea into reality. Choose your ideas wisely. If they are grand or complex, pick apart the most manageable parts and make your pitch. Show us the research behind your business idea and let us know any other resources or supports you may seek to help your idea succeed.

**MEASURABLE.** Most good ideas and businesses are measured to ensure you are meeting your objectives and goals. This may be the number of customers you serve, or target goals within your budget, or specific accomplishments you set. Show us your plan for measuring your business to meet your business goals.

**CLEAR.** The PBIGP Advisory Council that reviews your idea is made of a diverse group of individuals who may or may not be familiar with your industry or your request. Describe your idea for growth clearly so that anyone can understand it.

**HERE IS SOME BASIC ADVICE:** We do not know your business like you do, so, whatever the idea, it's up to you to tell us. Be concise, specific, and honest.

These factors contribute to growing an economy.

When the PBIGP Advisory Council reviews your application, they will look for indicators in your narrative responses that your business can achieve some, or all, of these economic factors.

Applicants can get help completing an application or learn more about the program by attending Main Street Pontiac’s monthly community meeting on the 3<sup>rd</sup> Wednesday of every month.
